Buffalo

Street Directory.

1906.

BUFFALO STREET DIRECTORY.

EXPLANATION.

The names of the streets are in alphabetical order, giving, as near as possible, the course which they run, and enumerating streets which cross the same in the order in which they occur. The streets in the city were renumbered in 1868, and the following method was adopted: From the starting-point of the street, measuring along the line of the street, twenty feet; making No. 1 to the right-hand side, and No. 2 to the left-hand side, and so on, each twenty feet, whether there be a building, a vacancy or a street crossing. The number on one corner has been given, so that a person wishing to find 499 **Main Street**, on consulting the Street Directory, finds that the right-hand corner of Main and Mohawk is No. 487, consequently the place he seeks is only a few doors above.

Buffalo Law School.

(Department of Law of the University of Buffalo.)
933 Ellicott Square.

Organized June, 1887, under the auspices of the Judiciary and the Bar of the City of Buffalo. The faculty and lecturers upon special topics are either judges now upon the bench, or lawyers in active practice, who will bring to the discharge of their duties ripe experience, made more valuable by their constant engagement in the decision and trial of the many new questions of law which rise in the practice of their profession.

The Buffalo Law School was organized in the spring of 1887, by the late Hon. Charles Daniels, and other prominent members of the Buffalo Bench and Bar.

The advantages of the school are great; its power as an educational factor is recognized and approved by the leading educators of the State. Students taking their course of instruction in this department will receive the degree of Bachelor of Law from the University of Buffalo.

The course of instruction to be followed [illegible] each year, will be

divided into two terms of seventeen weeks each, beginning the last week in September, and closing the last week in May.

The situation of the School at the City of Buffalo is a peculiarly favorable one. During most of the college year three Courts of General Jurisdiction are in session, in which the trial of important cases often by distinguished counsel are constantly in progress.

Special terms of the Supreme Court are held daily, at which judges sit to hear and determine questions touching almost every branch of the law. Terms of the United States Courts are also held in the United States Court rooms.

Students will thus have the opportunity to observe the trial of causes before judges and juries, and to hear the argument of legal questions in appellate courts.

All communications should be addressed to George D. Cröfts, Registrar and Treasurer, 933 Ellicott Square.

A home for Aged and Destitute Females was opened in 1858. For several years a house of moderate dimensions afforded sufficient accommodations for the inmates; but it having been determined in the spring of 1866 to open an Orphan Ward, and the number of destitute women claiming hospitality being greatly on the increase the building formerly occupied by the Foundation on Rhode Island Street, near Niagara was purchased.

In 1896 a new orphanage was erected on Front Avenue, between Massachusetts and Rhode Island. It will accommodate about 100 children. In 1896 it was decided to open the Home for the Aged to old men as well as women.

In 1905 the "Thomas Thornton Memorial Building" was erected with funds bequeathed by Mrs. Helen T. Campbell for the purpose of erecting such a building as a memorial to her father, Thomas Thornton. It is used as an old-peoples' home and accommodates about fifty persons.

In 1905 was also erected the Service Building connecting the Orphanage with the Thornton Memorial.
